TOTAL VALUATION**: \$65,000

**Building Safety will review valuation based on ICBO Building Valuation Data and/or R.S. Means Construction Cost Data. Applicants have the option of submitting copies of all contracts/bids, or a detailed cost estimate for all on-site construction.

PLEASE TURN FORM OVER TO CONTINUE ⇨

Check if applicable:

- ☐ Cannabis related project.
- ☐ This application is a continuation of a Planning Division discretionary review process. (If checked, please contact Planning directly at (310) 253-5710 for further information.)
- ☐ This project involves site re-grading. (If checked, please contact Engineering Division of Public Works at (310) 253-5600 for further information.)

ART IN PUBLIC PLACES REQUIREMENT (APPP) APPLIES TO THE FOLLOWING PROJECTS:

- All new residential projects of (5) or more units with a valuation of \$500,000 or more.
- All new commercial projects (City and Private Property) with a valuation of \$500,000 or more.
- All remodeling of existing residential buildings of (5) or more units with a valuation of \$250,000 or more.
- All remodeling of existing commercial buildings with a valuation of \$250,000 or more.
- If the 1% APPP allocation (based on the project valuation) is less than \$75,000, then the applicant shall pay the allocation to the Cultural Trust Fund as the only option for complying with the APPP requirement (i.e., the applicant does not have the option of commissioning art for their project unless they want to spend more than \$75,000).
- If the 1% APPP allocation (based on the project valuation) is more than \$75,000, then the applicant may commission Art Work approved by the City's Cultural Affairs Commission worth at least 1% or more of the total valuation.
- Multiple building permits issued within a three year period for a single project shall be considered in the aggregate in determining the APPP allocation (so if an applicant has a \$600,000 new development project but breaks this up into two \$300,000 building permits, they are subjected to the APPP requirement).

Exceptions: Covenanted low- and moderate-income and senior citizen housing and buildings which are dedicated primarily to non-profit performing arts spaces or museum uses for as long as the performing arts or museum uses are maintained within these buildings. (For larger residential and mixed-use projects where a portion of the units are covenanted low- and moderate incoming and senior citizen housing, the project value is reduced by a formula outlined in the CCMC to determine what, if any, the APPP allocation shall be.)
