This Chapter provides development and land use regulations in the industrial zoning districts established by § 17.200.010 (Zoning Districts Established).

(Ord. No. 2005-007 § 1 (part))

§ 17.230.010 PURPOSES OF INDUSTRIAL ZONING DISTRICTS.

The purposes of the individual industrial zoning districts, and the manner in which they are applied, are as follows.

A. IL (Light Industrial) District. The IL Zoning District is applied to areas appropriate for light industry and light manufacturing uses, including processing, distribution, and storage. The IL Zoning District is consistent with the Light Industrial and Industrial Park land use designations of the General Plan.

B. IG (General Industrial) District. The IG Zoning District is applied to areas appropriate for a wider variety of industrial uses than the IL District, including outdoor activities, but no heavy industry. The IG Zoning District is consistent with the Industrial land use designation of the General Plan.

(Ord. No. 2005-007 § 1 (part))

Any non-habitable space, per Building Code Standard, between the ceiling beams of the top story and the roof rafters, which may be reached by ladder and used for storage or mechanical equipment, and which is less than seventy (70) square feet in area and less than seven (7) feet in height, shall constitute an attic.

Covered. Any enclosed, semi-enclosed, or unenclosed building area that is covered by a solid roof.

Dwelling Unit. Any structure designed or used for shelter or housing that contains permanent provisions for sleeping, eating, cooking, and sanitation occupied by or intended
